## Book Description

From iNew York Times bestselling authors Catherine Coulter and J.T. Ellison comes a riveting thriller pitting special agents Nicholas Drummond and Michaela Caine against a private French space agency that has the power to end the world as we know it. Galactus, France's answer to SpaceX, has just launched a communications satellite into orbit, but the payload actually harbors a frightening weapon—a nuclear-triggered electromagnetic pulse. When the satellite is in position, Galactus's second-in-command, Dr. Nevaeh Patel, will have the power to lay waste to the world with an EMP. A former astronaut, Patel believes she is following the directions of the Numen, aliens who saved her life when she spacewalked outside the International Space Station. She is convinced that with the Holy Grail, just discovered by the owner of Galactus's eccentric treasure hunter Jean-Pierre Broussard, she can be reunited with the Numen, change the world's destiny, and become immortal with them. The countdown has begun when Special Agents Nicholas Drummond and Michaela Caine are thrown into the pending disaster. They must stop the EMP that would wreak havoc on communication and electronic systems on Earth, resulting in chaos and anarchy. With their signature nonstop action with enough realism to keep you thinking and scare the daylights out of you at the same time, Suspense Magazine, Coulter and Ellison have created a thriller to

take you on a breakneck and breathtaking journey.
